LAMBDA AWARDS HONOR SPECIAL PEOPLE

Each year at the annual Lambda Awards Dinner, our community recognizes those special people - both gay and straight, who have made a difference to us. This year's dinner was held on June 8, 1995 at the Tuesday Club. A crowd of over 120 joined co-MC's Larry Hoover and Vanna Woolsey-What, Empress XVII, at the fast paced and sometimes campy evening affair. The recognized fourteen individuals and their awards are as follows:

Jerry Sloan - *Everett Denman "Brown Spoon" Award*

Rick Reynolds, KOVR 13 - *Excellence in Media Award*

Jerry Royce - *Thick & Thin Award*

Paulette Jacobson and Tony Ferrante - *Excellence in the Arts*

CGNIE - *Lifetime Friend of the Center Award*

Lt. Mark Dickerson - *Lambda Fighting AIDS Award*

Karen Jensen and Edith Coombs - *Lambda Fighting Breast Cancer Award*

Associate Vice Chancellor, Dennis Shimek, UC Davis - *Profiles in Courage*

Judy Hersher, Esq - *Bayard Rustin Award*

Japanese American Citizens League - *Building Bridges Award*

Ron Rosenblatt - *Tim Warford Community Service Award*

In addition to the traditional awards, two special recognition awards were presented to:

Kevin Cohee - *Outstanding Board Member*

Frank Lawler - *Outstanding Community Service*

Mark Hoffman presented the *Lesbian/Gay Business Alliance Award* posthumously to **Paul Starr-Fuhr.** Sonya Cox accepted the award for Paul's partner Michael Starr-Fuhr.

The Lambda Awards dinner was chaired by President Emeritus, Marghe Covino. Special assistance at the dinner was provided by members of the Davis Chapter of Delta Lambda Phi, and former Board President Will Bennett and his partner Robert Bequette.

Many thanks to Russ Marsh and James Ozanich for opeining their home and hosting "Finger Food with the Flirts"

Thanks also to Salt & Pepper Catering for their delicious offerings and the Sacramento & Davis chapters of Delta Lambda Phi for their assistance.

BECOMING A PARENT:

A Workshop For Lesbians Thinking About...Preparing for Parenthood

Saturday, July 15, 1995 **9:00 AM - 4:00 PM**

YOUR MOM IS HELPING CREATE A BETTER WORLD FOR YOU TO GROW UP IN!

Gay and Lesbian African-Americans (G.A.L.A.)

This newly formed organization had its genisis in February 1995, as an offspring of **The Black Gay & Lesbian Leadership Summit,** an annual event based out of Los Angeles. The Founders of G.A.L.A. are Tolanda McKinney and Guy Madison.

Our vision is to create a space where Lesbians and Gays of African Descent can unite around issues that effect us as a whole, assist in establishing some solidarity within the community by having visible representation within the Gay and Lesbian community of Northern CA. These topics were discussed at our February meeting. What emerged from the "kitchen talk," brainstorming session was Gay and Lesbian African-Americans (G.A.L.A.)

Our Mission Statement:

To enhance the lives of people of African Descent, particularly Lesbian womyn (womyn who love womyn) and Gay men (men who love men), politically, socially, economically, and spititually. Further, to share with and sensitize others to appreciate the qualities and contributions of the G.A.L.A. community.

This new organization, still in the infant stage of forming, has a strong foundation with Sistah's and Brotha's who also realize the time is now, and now is the time to act.

G.A.L.A. is a community based organization for Northern CA, whose survival is dependent on the support from the neighborHOOD. Please welcome us into your lives, your homes, your conversation and the Lambda Center.

We invite you to be a part of laying that foundation of G.A.L.A., a brick at a time.

Our booth at the Lambda Freedom Fair and the Afrocentric Weekend Affair are two events our organization has scheduled to reach the community.

For more information about meeting place and time, future activities and volunteers, please contact: Tolanda McKinney (707) 428-5656 and/or Guy Madison (916) 736-3229.

Volunteer-A-Rama

This month has proven to be one of the busiest months of the year. The Lambda Community Center needs volunteers, volunteers and more volunteers. Some of the upcoming events and volunteer opportunities are:

* A Security Guard is needed for the Youth Socials every Saturday night. Must be an independent contractor. (pay is negotiable).
* If you are a professional painter or have painting experience and would like to donate some of your time, the Lambda Center desperately needs touch up work, please contact the center ASAP.
* The Lambda Center would love to provide pastries and coffee for our volunteers and clients in the community. In order for us to do so we need donations from local bakeries or from individual people who would be gracious enough to bake or donate pastries, muffins, cookies, etc. for the benefit of the Community.

If you are interested in volunteering and making a difference in the community please feel free to come in and fill out a volunteer application. The volunteer opportunities are not limited to the descriptions above, for more information contact the Lambda Center at 442-0185.

Youth Update

We have received funding to continue and update our Education and Prevention programs for gay, lesbian, bisexual and transgender youth. Our youth and Advisory Board will be more involved than ever in providing input and guidance to this project.

We would like to take this opportunity to thank Brian Craig, our Youth Programs Coordinator for the past year, for taking this program to a new level. With Brian's leadership we have expanded our networking and outreach base and have provided essential guidance and support for many youth in crisis. Brian is returning to school to work on his MSW. We wish him all the luck this world has to offer!

As of this writing we are preparing for the Youth Formal being held at the Camelia Room of the Tuesday Club. Next month we will let you know how it turned out. This event was made possible through the generous donation of the "Summer Ball", a major fundraiser held every year. This was the first year we were recipents of this funding and it has allowed us to provide activities for our youth that are not available anywhere else. Our donors should feel very good about what there efforts have been able to provide. We look forward to be able to work with Brad Long and all the members of the Summer Ball Planning Committee. If you wish to have further information about this first class annual event please call 442-0185.

Success Dressed in Black & Purple

by Michael Walker

On Saturday, May 13th, the members of the Lambda Youth group came together for a Formal, a sort of Prom we always wished we could have! The Formal took place in the Camellia Room at the Tuesday Club, with a catered dinner & dessert, and dancing till midnight. A souvenir keychain, a circle surrounding a lambda and the words "Our Night Out" printed in the middle of a brass disk. Styles of music varied, as did the activities, which included an impromptu 'fashion walk', as the youth strutted their stuff & showed off the fine tuxes, gowns and other fancy get-up.

This Formal inspired confidence and pride in who we are, and encouraged diversity, as well as being just plain fun. There were no pre-conceived judgments concerning who got to wear the tux and who got to wear the gown, who had to lead the dance, or who would pull out a chair for whom — this was a night of sharing, and reclaiming equality for all... In essence, again, the Prom we always wished we could have had!

In the interest of fairness, the Youth felt it was appropriate to name 4 Prom Queens and Kings, a male & female Queen, and a male & female King.

The youth named the following for females:

King — Andrea,
Queen — Esperanza.

For the males:

King — Francisco,
Queen — Jason as "Jessica".

Brian oversaw the Coronation, and the Kings received a fancy velvet crown, and the Queens received glittering tiaras. The royalty were chosen by ballot, and were rewarded with many a photo opportunity (MGW even sent a photographer.)

Many thanks to the youth that were at the Camellia Room early in the day, to decorate the place in black & purple. These youth were: Brian, Esperanza, Andrea, Wendy, Bamby, Francisco, and Monique. Special Thanks goes to Rosa, the mother of Andrea, for her work, and to Ernie Giles, for his thoughtful donation to the Youth Program that night. Photography and PR was arranged earlier in the planning stages for the prom, by Jason. Photography was by "Cool Shots" — Jill Duncan. DJ was Tony Campos, and Catering by Dorman's.

"Our Night Out" was a night to remember...

Support our Youth Programs by supporting the Lambda Community Center. Without you, these young people would have no other opportunity in the Sacramento area to socialize, learn and appriciate who they are and the unique opportunities available to them. These young people depend on all of us to make the world a better, safer place for everyone.

Raising the Roof...Slowly

Although the callers were enthusiastic, those responding were a mixed bag. As always lots of folks weren't home, and many others had answering machines.

Approximately 200 individuals were called, and 22 actually contributed. Only two individuals opted for monthly contributions via coupon book. The balance made one time contributions. By way of general information the average contribution was $82.00. By gender, men contributed and average of $93.00 and women $95.00. Individual donations ranged from $10.00 to $240.00. The total pledged $2,350.00.

"If we are to move...we MUST have adequate financial support from the community."

Larry Hoover
Lambda Community Fund
Board President

This money will be deposited in our "Raising the Roof Fund". Our target is to raise $25,000 prior to moving. We hope to be able to move by September1995. To meet this goal, the phone campaign will continue for one week each month.

One disappointing fact emerged from calling. Callers used the list of those getting the newsletter. Many of those contacted were unwilling to contribute anyway, even to offset the cost of the newsletter which would be about $12.00 per person per year.

In order to move we MUST have a sound financial base on which to negotiate a lease on a new property. The Communitty Centercan only move, if the communnity wishes to support that move. When a caller reaches you, please take the time to talk with them and make your pledge. Better yet, save us a call and send your check to "Raising The Rood", % Lambds Community Center, P.O. Box 163654, Sacramento, CA 95816-9654.

If you would like to volunteer one or more evenings for phone calling, please contact Mark Satre at the Center by calling 442-0185.

AIDS Education Update

by Alex Brashears

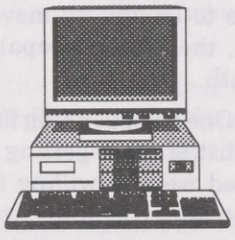
I am extending an invitation, and request for all community members who would like to influence how our AIDS prevention programs are designed and implemented, to seriously consider joining the Lambda Community Center's AIDS Advisory Board. Why? Because last year the CDC reported that AIDS has now become a leading killer of all people, 25-44. And the majority of new infections of HIV are still occurring in the gay community, at a particularly rapid pace among our youth. This means that the time has come for everyone to get involved, yet again, to plan effective programs that target behavior change, because we know that simply giving out information is no longer effective. Many of us know the risks of injury, yet how many of us buckle up every time we get in our cars?

The Center's AIDS Response Program will be embarking on its third year in the community providing HIV education and prevention services funded by Sacramento County Public Health. Our new grant work for the upcoming year will begin July 1, and with your help, enthusiasm, and commitment, we can develop programs that will really have a measurable impact on HIV in the gay community.

As in past years, our grant work will focus on prevention programs for those most at risk: gay men, particularly gay men of color, and gay, lesbian, and bisexual youth. Like most community efforts HIV prevention and education projects work best if the targeted community becomes directly involved. We need your creativity, ideas, information, energy, access to networks, and for some, your volunteered time. We also need individuals who will help design and develop programs based on their personal knowledge of themselves, their friends, loved ones and the larger community—knowledge that no one else outside the community can provide with as much authenticity.

I am asking people from a wide range of backgrounds in our community to form the AIDS Response Programs Advisory Board, a group that I envision will begin in mid June, and meet monthly throughout the year. The AIDS Advisory Board will be composed of men and women, adults and youth, but will be focusing on gay men and our community's youth. Please contact me by June 15 at the Lambda Community Center, 442-0185 or 442-7960, for more information or to apply.

Dream Computer System



The Lambda Community Center received a windfall of monstrous proportions when The Good Guys made a delivery last month, the delivery of a new "state of the art" computer system. It seems Mr. Terry Bradford felt the Center could use a system that was more usable (for instance, one that could print out a document in less time than it takes to type it in). This gift was totally unexpected! The Center and the Sacramento AIDS Foundation (which received the same gift) are both very thankful to Terry for his generosity.

We don't know what we did to deserve it, but we know this computer system does what we need, and is more than we had hoped for. The system is a Packard Bell multimedia computer. It contains a Pentium Processor with 8 MB RAM, color monitor and HL-630 laser printer, PLUS a CD ROM, a modem and a flatbed scanner. Numerous programs came with it, as well as ten free hours on Prodigy, the online service. Of course there are some other items we need to make it ideal, such as additional software programs and Internet access. For example, we can't use the "free" Prodigy without a credit account, which is not likely at this point. Gordon Pyle has volunteered to provide additional equipment, software and training. If anyone has other contributions, ideas or input in this area, please contact us at 442-0185.

IN MEMORY

Karen Jensen, long time friend and member of our community faced her last courageous battle against breast cancer on May 1st. Karen worked at CSUS' printing deparatment and coached girls softball. She volunteered for the American Cancer Society, the SPCA Loaves and Fishes, and was a member of Lesbian and Gay Town Council to name a few. Karen is a charer member of the Twin Spirits Veterans and is registered in the Women In Military Servie to America Memorial in Arlington Cemetery. She is survived by her companion of 35 years, Edith Coombs and many loving siblings.

A Fair to Remember

by Michael Gorman

The culmination of Ten Days of Pride, the 10th annual Lambda Freedom Fair, was a success by any standard. There were the children who begged their parents to continuer enjoying the fair because they weren't yet ready to leave the children's art and activity area. There was the man with AIDS who said, "The dancing and the entertainment and the booths were great, and when I got tired and needed to get centered, I didn't have to go home. I could sit quietly in the shade and listen to poetry and acoustic music. I could still be here with my community.: There were the city officials who willingly offered cooperation because our fair is so safe and controlled despite the rousing fun. There was world-renowned author Patricia Nell Warren who marvelled at the breadth of an author's pen signing autographs. In that, we outshine just about every pride event in the country. If it is possible to be proud of our pride, Sacramento has reason. The fair was a master portrait of our diversity and our unity.

This year's committee worked hard to learn from problems in past fairs. Consequently, the 1995 fair offered easy access to booths, little sound interference between the stages and the dance area, clearly marked entrances (What's a queen without an entrance?) and plenty of shad in all the right places for picnickers, stage audiences, artist's displays, and the children.

Highlights of the fair included a surprise appearance by Assemblymember Sheila Kuehl, a first-ever public reading of her poetry by Patricia Nell Warren, a petting zoo featuring the Sacramento Valley Bears, a simply-to-die-for-faabulous drag show, street performers who strolled the grounds entertaining on the hoof, the naming of Nancy Hugman as the new Poet Laureate of Lavender Heights, and, of course, the soul stirring, body pounding, kick-butt performance by Black Box that left the rest of the fair empty for a half hour. (That girlfriend is on her way to full fledged diva status if she deeps this up.)

Even more important than the fun is the fact that this year's fair touched tens of thousands of fairgoers, gay and straight, and it raised a considerable sum for the Lambda Community Center at a time when growth and expansion are becoming necessary. And we made a statement too; boy-boy and girl-girl dancing just around the corner from the Peter's office, the Rainbow Flag draped above the doors of the state's capitol We're on the move again. June 10th was our day, and we did it with style!

Letters from our Readers:

"Rainbow Connections" as in "Somewhere, over the..."? How about here, and now. Where are these "connections"?

I see several gay mens groups in the monthly calendar, there are womens groups, seniors, youth and even a gender group. There is surviviors, and those trying to survive. What about a connections group? Where is this...ah, here it is...the Fair. For a few hours, on a Saturday afternoon this June, the "Rainbow Commections" were easily found. Connections were made, friendships recognized, and renewed. (How great the thanks to the people who make the Fair happen?)

What about after the fair is over? Is the feeling of community found somewhere else? Is it only more evident in public gatherings? Do we take it home with us? Dare we show it to all, in every situation? Everyone keeps saying that love is the way. Any time now...

Jennefer Grant, Transgendered person, Sacramento, CA.

Rainbow Connections

I am sure that the Lambda Community Center is pleased to announce the recent appearance of Transgender Community representation. This is a determined effort to establish a working relationship with the Gay, Lesbian, and Bi-sexual Communities now sponsored in the Lambda Center.

Who are Transgender People? Why should we be a part of the Center? Is this a good move? Questions I ask myself every day.

Transgender Persons are people who have a different perception on their Gender Identification than that assigned to them at birth. Their need to express this true self is seen in many degrees. Some start out male, some female. Some find happiness in same gender relationships, and some in opposite. From there out it gets real complicated. We will be putting books and reference material in the Centers library, and anyone who is concerned will be able to read about Transgender People and hopefully gain a better understanding of our situation.

Clearly...It's Time for a Change!

-Larry Hoover

Why should we be sponsored in the Center? We have a very "common" cause. We want our rights as a people and as citizens. The same rights that are denied to Gay, Lesbian, and Bi-sexual People. You have your lawyers, we have ours. They agree it is a good thing to ally. I think its a good move for Transgender, Gay, Lesbian, and Be-sexual People to ally in response to oppression. The fact of it is Transgendered Persons don't have even the few rights as a resident of Sacramento, that hard fought efforts by Gay and Lesbian and Bi-sexual Associations have managed. Recently, Santa Cruz, and the City of San Francisco, have amended their ordinances to include Transgendered People, whose cause is referred to as Gender Identification, along with Gay, Lesbian, and Bi-sexual People, whose cause is Sexual Orientation. To me, this is a wonderful thing. I also understand that there are cities in Minnesota with similar action. I, along with several hundred others of similar situation, (yup! you would be surprised to realize how many of "us" there are) would look toward Sacramento as a place to add their particular energy, to all four communities gain.

Well, so what do you think of all this? Is your attitude important? I think so. We will not go where we are not treated with due regards. We do not tolerate being treated so poorly. We want to change things for the relief of all. See, we already recognize things in common!

The Transgender Group will be meeting monthly at the Center as an un-sponsored group. Meetings will be listed in the calender. Information, referrals, and networking will be available to people concerned. For more info regarding the Transgender Group or this effort, address inquiries to the Lambda Center, Attn. Jennefer Grant.

The Freeman Report

In April Ricardo Freeman accepted the chair of the Rainbow Committee, whose charge was as follows.

1. To assess the Center's accessibility to all segments of OUR community. This would include traditional racial/ gender/ethnic groups, as well as, the range of "QUEER" constituencies.
2. To identify up to four individuals who would serve for an 18 month term on our Board. Those identified should add diversity to the existing Board in all ways identified in #1 above. These individuals should be willing to actively work on the Board and be comfortable with implementing the recommendations this committee will make.

During April, Ricardo interviewed 20 individuals using a standard questionaire.Those interviewed were persons of color, or those from the transgender or other constituences within the queer continuum. The first question was, "How would you rate the accessability of the Lambda Center to people of color?" Respondents were to rate the Center from 1 to 5, with 5 being excellent, 3 average and 1 poor. Unfortunately, the average was 1.7 which clearly indicates there is more work to be done.

The balance of the question asked for any barriers to utilizing the center. Frequent responses included:

1. Indifferent staff
2. Lack of outreach
3. To program centered on youth/ AIDS and not on general Issues
4 Poor staff diversity
5. Once there, the place/people lack warmth, seem to focus on their "jobs" and not on the "client"
6. Youth groups just hang around, lacks focus or inclusive activities in general; "youth of color" in particular

Recommended changes included:

1. Identify "Sacramento" people of color or from communities in the "Queer continuum not on the Board or Staff and recruit them as staff, volunteers or Board members."
2. Develop a specific outreach program to all segments of the "Queer Community" particularly people of color.
3. Train staff and volunteers to focus more on people and their needs. First impressions are important, train staff to "welcome" people who enter the Center, rather than ignore them.
4. When someone volunteers, respond to them, maintain contact and provide orientation and training on the job/ project for which they have volunteered.
5. Ask/survey various committees to see what that committee sees as its needs. Don't decide for them.

This report and its recommendations will be presented at the Board's May 17th meeting at the Center. As a further note, as a result of Ricardo Freeman's survey, two individuals have been nominated to serve on the Board adding needed diversity.
